

HOLIDAYS HOME WORK 2021-22

Dear children

Holidays are the time to increase your creativity. This is the time when your cognitive affective and psychomotor domains of learning can be nurtured and developed.

But again this summer break is a bit different. During these unprecedented times, we need to take care of ourselves and our elders too. Follow COVID appropriate behaviour, follow social distancing and do not move out of your homes. The holidays home work has been designed by keeping this in mind. You can do various other things too like help your mother in daily chores, do yoga and other physical exercises, spend quality time with grandparents at home and treasure these moments for lifetime.

Stay home stay safe !!
