

## Wrapping Up The School Year Virtually 15.03.21

### Retro Theme Based Party in Class-I

The last day of the school-”the closing of one door and the opening of another.”

Our school always strives to achieve something new for its students. To commemorate the school year in a fun way a virtual retro theme based party was organised for Class -I .

The kids and the teachers were dressed in retro themes-flashbacks of the 80's and 90's. The day began with the Gayatri Mantra followed by students sharing their funniest and favourite moments in Grade -I. They also talked about important things they learnt this year and their Star Moments. Fun games like ‘Scavenger Hunt,, ‘Describe and Draw’ and ‘Brain Break- Act Out’ were enjoyed by the students.

Children relished their favourite party snacks in the virtual class party. A Ramp Walk on Retro theme was the show stealer. The little style divas flaunted their beautiful attires with confidence and style. To make parents and grandparents a part of this eventful day, a few old song tunes were played for them to guess the song in which they participated enthusiastically.

Nostalgia came over as the day was coming to an end and little ones bid goodbye to their teachers. The teachers expressed their warmth through a short poem “You are Special Person” and wished them all the very best for their future.
