## **HOLIDAY FUN CLASS - 1**

Dear Parent,

Holidays are here, yet another opportunity for our little ones to do something beyond the mundane routine.

### **It's time to EXPLORE, CREATE AND INNOVATE**

Children are our lifeline. We had an excellent time with our kids since the beginning of the new session wherein they enjoyed doing various activities, playing games, listening to interesting facts and stories apart from their academics.

### **OVER TO YOU NOW, DEAR PARENT**

Kids will be with you for the next one and a half months and let's maintain this rhythm to make each day worthwhile for them.

### **FEW TIPS TO MAKE HOLIDAYS 'FUN AND LEARN'TIME FOR KIDS**

#### **1. EMPOWER THE LITTLE ONES**

Involve kids in daily chores like doing up their bed, hanging and folding clothes ,laying the table .This will make them confident responsible and teach them dignity of labour.

#### **2. GIVE THEM TIME**

Our children need our presence more than our presents so

- Strive to have at least two meals together .Make them aware of the hundreds of people who worked hard to provide them a meal .Let the kids understand that to have food in our plate, we need to cultivate.
- Read, play, sing and have lots of fun with them.
- Instead of just telling the child to read help them to select the books, read along with voice modulation which will encourage them to read more often.
- Help them to learn five new words every day and make a constant effort to use them repeatedly.
- Teach them a few folk songs and enjoy singing along with them.

#### **3. TAKE THEM FOR OUTINGS**

- A visit to grandparents, relatives and friends will help them understand about sharing and bonding with near and dear ones.
- Take them along to the market, malls and shopping complexes .Let them be a part of purchasing groceries, checking price tags, checking bills etc. This will naturally teach them value for money.

• Plan visits to amusement parks .public parks and let the children socialize with the people out there.Let them observe the way you greet people and interact with them.

- Take them for a ride in **the Metro** or **HOHO Bus**

#### 4. FOCUS ON THEIR PHYSICAL ACTIVITIES AND EATING HABITS

• Under your guidance set a routine for your kids where they perform pranayama and simple stretching exercises.

• Encourage them to play outdoors in the evening instead of watching TV and playing with electronic gadgets.

• Inculcate healthy food habits .Let them enjoy fruits juices, lassi and ensure they do not binge on junk food and aerated drinks.

Last but not the least

**Handhold your child at every step, make this journey of life, happy and a beautiful one for them that one day they create their own golden stories.**

Wishing you a wonderful time with your little ones and looking forward to sharing e

Experiences after summer break.

**LET'S BE A ROLE MODEL FOR THEM.**
